ARTIMAN VENTURES EXCEEDS TARGET ON FINAL CLOSE OF THIRD EARLY STAGE VENTURE FUND

Palo Alto, California (November 19, 2010) – Artiman Ventures (“Artiman”) recently announced the closing of its third early stage venture capital fund, Artiman Ventures III, L.P., with total commitments of \$200 million, exceeding its original target of \$150 million due to strong support from existing investors and significant demand from new investors.

Limited partner commitments were secured from a diversified group of institutional investors from North America, Europe, and Asia. Among these institutions are leading endowments, foundations, public and private pension funds, and funds-of-funds.

Stanwich Advisors, LLC acted as exclusive placement agent and financial advisor for the offering.

About Artiman Ventures

Founded in 2000, Artiman Ventures (“Artiman”) is an early stage venture capital firm with offices in Palo Alto and Bangalore. Artiman’s core focus is on helping talented entrepreneurs commercialize leading-edge technologies to create world-class companies. Artiman targets investments in “white spaces,” which it defines as large market opportunities where a company has no identifiable competition and at least a 12-month lead on existing technologies or the market. Artiman seeks to partner with “concept-stage” entrepreneurs to significantly impact a company’s strategy, focus, team, industry relationships, business model, and culture. When appropriate, Artiman plays an active role in helping its portfolio companies establish India-based operations, significantly reducing the amount of capital required to build and scale a business.
